

Mindaugas Bujanauskas

curriculum vitae

Employment

Mindaugas Bujanauskas has worked professionally in the field of multimedia for over two years both as self employed and as an employee.

March 2009 - May 2009

TourStart ApS

One of the coders. Work included XHTML + CSS (crossbrowser, pixel perfect) coding for complex interfaces and jQuery interactions for on-screen dialogs, forms and other dynamic elements.

www.tourstart.org

He has completed numerous self employed projects both in collaborations with designers and as individual.

March 2010

Apollo Music

Brought to life PSD designs by making an XHTML and CSS skeleton and adding a sparkle of JavaScript and PHP. Implemented CMS.

www.apollomusic.dk

November 2009

Deneemotion Contemporary Videography

Pixel perfect XHTML + CSS crossbrowser design conversion, jQuery animations, AJAX and Vimeo API implementation.

www.deneemotion.com

April 2009

TRiP Skateboards

A website for a new skateboarding company. Engineered custom CMS, AJAX controls, jQuery animations, XHTML + CSS layout. Innovative voting system, company update services, product previews along with cool team member introductions. Done as school project. Logo created by their internal designer.

You can view more works on Mindaugas' website: roadkillrevived.com. Throughout his life, he has been active in other fields as well.

Arts

In 2006, Mindaugas led his team into victory in an event where they had to paint on trucks. Same year they won another competition funded by European Union. During the latter, they were painting on benches. The theme was "European Country".

Organisations and events

2004 - founder of the biggest skateboarding community in Lithuania.
2006 and onwards - participating in various skateboarding events as a jury member.

2008 - one of the KaRRamBa organizers. KaRRamBa - big extreme sports event in Palanga.

2008 - founder of Summer Street Klaipeda - skateboarding event in his hometown. Eventually event was titled the Best Event in 2008.

2009 and onwards - working on starting his own non-profit organization for managing and making extreme sports events.

Location: Last seen working on his crazy plans in Risskov, Denmark (Århus mun.)

Date of Birth: March 3rd 1989
